## Higher revenues / Higher earnings

【Higher revenues】 Sales of consumables for many fields and overseas sales are going strong (mil. yen)

	FY03/2024 1Q	FY03/2025 1Q	+/- %	+/- amount
Net sales	3,740	4,201	+12.3%	+461
Operating profit	303	314	+3.6%	+11
Operating profit rate	8.1%	7.5%	N/A	-0.6 pt

### Factors, etc.

#### POSITIVE FACTORS

##### < Domestic net sales >

##### 【Sales increased in many fields】

- **Consumables** for e.g. environment analysis, pharmaceutical and chemical industry
  - Especially sales of **LC columns, components, and products relating to preprocessing** were on the up
- **Instruments** for **LC** and customized ones were the driving forces

##### < Overseas net sales >

##### 【Going strong】

- **LC columns** continue to represent large shares
- Good performance especially in **Asia, Europe, and Latin America**
- Higher sales in broad regions mainly in **Asia** and **North America**

##### < Operating profit rate slightly declined >

- Increased labor cost because of rise in base pay, etc.
- Expenses associated with management integration

# Sales share by region

## Analytical Instrument Business

Domestic: **74%** and Overseas: **26%** (mainly Asia), both maintaining steady growth

## Semiconductor Business

### Higher revenues / Higher earnings

Despite still stagnated stock of memories, demands in the field of generative AI have expanded (mil. yen)

	FY03/2024 1Q	FY03/2025 1Q	+/- %	+/- amount
Net sales	4,011	4,775	+19.1%	+764
Operating profit	754	1,151	+52.7%	+397
Operating profit rate	18.8%	24.1%	N/A	+5.3 pt

#### Factors, etc.

##### POSITIVE FACTORS 【Demand expansion】

- Stagnated stocks remain, mainly of memories, but demand expansion in the **markets of generative AI** has revitalized proactive capital investment looking to the future ⇒ Continuous steady expansion is anticipated

##### 【Responses to demand expansion】

- Expanding markets by developing and extending highly value-added products
- Preparation for robust increase in domestic production output

##### 【Additional factor】

- Profit increased due to change in the method for evaluating inventories**

##### 【Order backlog】

- Order backlog increased thanks to advance orders from customers

# Sales share by region

## Semiconductor Business

Overseas sales significantly increased, surpassing domestic sales

(mil. yen)

	FY03/2024 1Q	FY03/2025 1Q	YoY		FY03/2025 1Q share (%)
			+/- %	+/- amount

Net sales	430	383	-10.9%	-46
Operating profit	20	4	-76.8%	-16
Operating profit rate	4.8%	1.3%	N/A	-3.5 pt

### Factors, etc.

#### NEGATIVE FACTORS

##### 【Decline in shipment】

- Although our modules could be progressively incorporated into biometrics authentication instruments and home security devices, shipment of instruments for **residential use** slowed down
- “Others for automated recognition” were affected by delay in construction projects

#### POSITIVE FACTORS

##### 【Steady shipment】

- Modules for **medical instruments** maintained steady growth

## Management integration with Techno Quartz Inc.

At the annual meetings of shareholders of GLS and of Techno Quartz held in June, the share transfer plan for establishing GLTECHNO HOLDINGS, INC. by means of joint share transfer, to become the full parent company of the two, was approved and adopted.

### Future schedule

### Structure of the joint holding company

\* If required for any reason including necessity in order for advancing the process of this share transfer, this schedule may be changed upon mutual consultation by both companies.

\* GL Solutions, a subsidiary of GLS, will be a subsidiary wholly and directly owned by the joint holding company on or after Oct. 1, 2024

Announced on July 25, 2024

## Strength of our Analytical Instrument Business

Domestically, **sales staff with technical expertise in analytics** sell instruments after **offering applications** adapted to each customer's needs and roll out their business around **sales of consumables** necessary after installation

	What to sell	Product knowledge	After sales	Profit rate
<b>Instruments makers in general</b>	Only their own products	 Only for their own instruments	Mainly support for maintenance and updates	
<b>Dealers in general</b>	Wide variety of products from partnering makers	While dealing with various products, they sometimes need support of makers concerning professional domains	Consumables are also offered as needed Availability of technical consultations is limited	
<b>GL Sciences</b>	Own products plus third-party products	 Also for third-party products by applying knowledge of our own products	Consumables are also offered as needed Not only responding to technical consultations, applications (applied data) are offered	 By selling our own products, better profit rate can be achieved than pure dealers
